

# The role of the educational club in contemporary pedagogical reality

Kazan Federal University, 420008, Kremlevskaya 18, Kazan, Russia

---

## Abstract

© 2018, Universidad del Zulia. All rights reserved. The aim of the study is to investigate role of the educational club in contemporary pedagogical reality via in-depth study of the school teacher's classes and curriculum activities and monitoring of two experimental groups of participants at the primary and ultimate stages in the educational club. As a result, the key aim of the educational club is to form and improve certain skills and abilities. As a conclusion, the educational club as a variety of advanced teacher training system within methodical activity of comprehensive schools demonstrated its multisided productivity, including positive influence on the level of teachers' creative abilities.
